RAM EXHAUST

AAPEX 2026 · Booth F17328

AAPEX Forum, Caesars Forum · Las Vegas · Nov 3–5

One vendor. The whole repair.

Exhaust repair hardware from one manufacturer, stocked in Swanton, Ohio, and delivered next day to 70% of the US.

Muffler clamps

U-bolt 1½″ to 5″, band and preformed band. Torque-tested to 70 Nm.

Flex connectors

Braided stainless, inner interlock, 1½″ to 4″. Mini flex too.

Hangers & brackets

J-hooks, swivel hangers, brackets and rubber insulators.

Gaskets

400+ pipe, 100+ donut and 80+ manifold gaskets.

Flanges & repair kits

Flanges, split flanges, spring bolt kits, studs and nuts.

Stainless tips

Mirror-polished stainless and chrome. Straight, angle, rolled edge.

Bring a part number to the booth. We'll cross-reference it on the spot.

certified plants

600+
SKUs stocked in Ohio

3,100+
part numbers in the North American range

70%
of US deliveries next day

0%
Section 301 tariff exposure

- **One order for the whole repair**
  Clamps, flex, hangers, gaskets and flanges from one manufacturer, instead of three or four small vendors.
- **Stock in Ohio, not on the water**
  600+ SKUs on the shelf in Swanton, Ohio. Small, frequent orders restock you by ground.
- **No China tariff in the cost**
  Made in our own ISO 9001:2015 plants in India, so no Section 301 tariff sits under the landed cost.
- **Catalogue-ready**
  ACES/PIES data through OptiCat, and cross-references to the brands you list today.
- **Your brand, both languages**
  Private label, bagged or carded with UPC. Bilingual English and French packaging.

3,100+ part numbers.
600+ on the shelf in Ohio.

Torque one yourself at the booth.
